### GOOD START.

Tobacco Board of Trade Appropriates \$100 for Exhibit.

Banks and Business Firms Contribute to the World's Fair Fund.

Mr. Robt. E. Hughes, Secretary of the Kentucky Exhibit Association, and Mr. Chas. D. Campbell, chairman of the tobacco exhibit committee, reached the city Tuesday night to work up an interest in the proper representation of Christian county's products at the World's Fair. Mr. Hughes is endeavoring to collect funds for the work and hopes to raise \$2,000 from this county. The banks will head the subscription list with substantial contributions and business firms should aid in the work. The money all goes into the erection of the "New Kentucky Home" and the displaying of the State's resources and products.

Mr. Campbell met the Tobacco Board of Trade at Moayon's Hall at 10 o'clock Wednesday and outlined the work he expected the tobacco men to do.

The Hopkinsville Tobacco Board of Trade has the distinction of being the first organization of tobacco men in Kentucky to subscribe as a body to the fund being raised by the Kentucky Exhibit Association for the State's representation at the World's Fair in St. Louis next year. Contributions have come from tobacco warehouses, factories and individual dealers, but the action taken by the local representatives of "the weed" in this city sets a good example for the other markets of the State to follow. By a two-thirds vote, it was decided to contribute \$100 to the World's Fair fund in Kentucky. This action is expected to have its influence on the tobacco boards, so far as finances go, in all sections of the commonwealth. The meeting of the board of trade, resulting in the subscription was well attended, President F. W. Dabney presiding and Secretary Garland Cooper acting in his regular capacity. Charles D. Campbell, of Louisville, chairman of the tobacco committee of the Exhibit Association, was present and reviewed at length the work of the committee, explaining in detail the display of tobacco to be made in Kentucky's name at the exposition. He called on the Hopkinsville market to join in the exhibit and so impressed those present with the remarks that when Mr. Campbell concluded a motion unanimously prevailed to co-operate in the matter, the President being instructed to appoint a committee of three to arrange Hopkinsville's display of tobacco. This simply means that the Hopkinsville market is to be well represented. All the tobacco needed for the exhibit from this section is now assured.

Following Mr. Campbell, the secretary of the Exhibit Association, Mr. R. E. Hughes, of Louisville, briefly stated the entire purpose of the association, giving the plans of all the work. He asked for the financial aid of the board of trade and the \$100.00 subscription was made. Later in the day, a canvass of a portion of the business district was made by the secretary, ably assisted by President George C. Long, of the First National Bank; Mayor Jouett Henry, Maj. E. B. Bassett, Wm. H. Cummings, Garland Cooper and others. This resulted in the subscription of three of the financial institutions—the Bank of Hopkinsville, the City Bank and the First National Bank—both flouring mills and several merchants, the list standing last night:

Chattanooga Shows How to Control a Monopoly—Hopkinsville Take Note.

Chattanooga, Tenn., Aug. 25.—An independent telephone system will shortly be inaugurated in this city. At a meeting of the recently-incorporated Hamilton Telephone and Power Company, held this afternoon, sixty-five of the most prominent local capitalists subscribed for shares of stock and others have signified their willingness to do so. Plans were laid for taking active steps to put the company on a working basis, and the charter will be amended so as to provide for a capital stock of \$200,000 to start with. A franchise has already been applied for from the city council.
